Family Resources's Kid's Fair...

This is the second year I've been fortunate to be the emcee of Family Resource's Kid's Fair! Each year, local businesses sponsor Family Resources so they have the fair for free for families.

There were well over 400 registered kids plus their families for around 1,000 people! With bounce houses, Rib Country BBQ, Face Painting, toys, the US Forest Service, and so much more! A wristband gave kids an all day ticket to play, jump, and so much more.

Family Resources is a local organization that is exactly as it sounds; their goal is to provide support for families in need no matter the need. They are supported by grants and donations. It's a great group of folks making our community a better place.

HAVE A LAUGH....

BANK LOANS

FIRST National Bank tried to encourage business through billboard advertising, but conveyed quite a different message when the following ad was displayed: "Loans make life easier, at FIRST."

And One More...

SWITCHED MESSAGES

A real estate office thoughtfully sends their customary bunch of flowers to a purchaser who has just moved in to her new home. Unfortunately, they arrive with a card saying, 'Rest in Peace'. Furious, the recipient phones the florist, who says: "I'm really sorry for the mistake, Madam. But just think - there's a funeral taking place today with some flowers on the coffin where the message reads: "We wish you happiness in your new home".

Don't Forget!

We have our "Gotta Guy" list available online 24/7! If you need a contractor, handyman, or anything, odds are we have a great one available right on our website for you. Go to www.iLoveMurphy.com/Gotta-Guy

Off to the Races! Tri-County Races that is!

Tri-County Racetrack in Brasstown, NC is officially burning gasoline! They're open most every Friday evening of high speed, dirt slingin' fun! Pits normally open around 4 and races start about 7:30. In addition to regular racing, they have a **demolition derby and Monster Trucks!** Sure to be favorites, it's a great time for everyone to check out! Learn more on their Facebook Page for an up-to date schedule or on their website at www.tricountyracetrack.com.

Tips for First Timers:

- 1) Don't wear white or light clothes! They'll be dirty from dust off the track.
- 2) Don't wash your car just before! It'll be a light clay color when you leave.

We hope to see you there!! Be sure to look for The Poltrock Team banner and post a selfie with it too! :)
